

Musculoskeletal Ultrasound Workshop for therapist

Musculoskeletal Ultrasound imaging for therapists

Date: 8 November 2015 (Sun)

Time: 2:00 p.m. – 5:00 p.m.

Course Fee: HK\$800

Details of Workshop, please visit

<http://hkoa.org/HK0A50/>

or email to congress@hkoa.org.

Objectives

1. At the end of the workshops, the participants will have a basic understanding of ultrasound
2. An understanding on the application of ultrasound in pain assessment and management
3. An understanding of common ultrasound techniques
4. Some knowledge on how to identify relevant anatomical structures
5. The ability to recognize some common simple pathology at the target sites
6. An understanding of the use of ultrasound in pain intervention procedures

Speakers and hand-on workshop instructors

MRS CLAIRE ARROWSMITH PgDMU (UK), AMS

Claire is a general sonographer with extensive experience both in the UK and Australia. She is highly experienced in all facets of ultrasound practice especially MSK and is particularly interested in education and holds a position on the Gold Coast as a Senior Tutor Sonographer as well as working with the AIU as a senior ultrasound educator

MRS. DANIE TUCKWELL Grad Dip Medical Ultrasound (QUT), ACS, AMS

Danie has worked as a sonographer for over 20 years in several busy private practices in Brisbane. Her experience includes Musculoskeletal, General, Vascular and Cardiac ultrasound, but it was her enthusiasm for teaching which resulted in her joining the AIU as a senior lecturer.
