Message from Council

Issue August 2013

by **Dr. Siu, Kwai Ming 邵貴明醫生**

Dear fellows members and associated members,

It is my honor to serve the orthopedic fraternities again for 2 more years.

The 8th International Congress of Chinese Orthopaedic Association is going to be held in Beijing on 7-10 November 2013. In my experience, it is a very fruitful congress and I recommend you to join this event. The instructional course program held by various international orthopedic bodies will provide you advanced knowledge and state-of-the-art surgical techniques by renowned orthopaedic experts in the world. At the same time, the First Congress of World Orthopaedic Alliance (WOA) will be held. It consists of 3 scientific sessions, free paper sessions and workshops. Both trainees and specialists will find these programs invaluable.

As in the previous few years, the Hong Kong Orthopaedic Association and the Hong Kong College of Orthopaedic Surgeon (HKCOS) jointly offer sponsorship to our fellows and members to attend the COA 2013 while sponsorship for associate members will be supported by HKOA. Successful candidates will be awarded of HKD3,000 and those who present paper will be awarded of HKD4,000. Please send us the application form with your abstract of submitted paper, if any, on or before 31 August 2013. In addition, the deadline for advanced registration of COA is on 30 September 2013 (<http://www.coachina.org/2013/>).

The Main Theme of the coming Annual Congress of the HKOA is "Defying the Aging Spine - Our Mission Continues". Please do not miss this important orthopaedic congress and complete your registration on or before 30-9-13 to enjoy the early bird registration rate.

The Foot and Ankle Chapter of the Hong Kong Orthopaedic Association will have a concurrent session in the Annual Congress of the HKOA. Moreover, as one of the main objectives of our chapter is to promote international exchange in Foot and Ankle Surgery, our Chapter will support the 5th scientific meeting of the Asian Federation of Foot and Ankle Surgeons in Hong Kong on 30 Nov 13. You are very welcome to join these events.

I look forward to meeting you in the coming congresses in November!
