Message from Hon. Treasurer

Issue June 2013

by Dr. Ho, Chin Hung 何展雄醫生

Dear fellows members and associated members,

On behalf of the Hong Kong Orthopaedic Association, I congratulate our 22 new fellows who passed the Exit Examination on the 7th of May. I believe you will have a lot of idea at the beginning of your new page as an Orthopaedic Fellow. Why not taking the chance to explore the outside world before making any decision on the future pathway? The deadline of the second round of HKOA Travelling Fellowship having a total amount of HK\$30,000 will be on the 20th of June. Don't miss that chance!

As our practice in the past, we encourage our members in joining the International Congress of Chinese Orthopaedic Association (COA). It will be the 8th Congress this year. It is also the First Congress of World Orthopaedic Alliance (WOA). It will be another big gathering of our overseas friends! please refer to our website for details of sponsorship.

Currently, the financial status of our Association is strong and stable. There are voices among our Councils on the wise use of our resources in supporting our fellows participating in education activities. An idea came out where support to our sub-specialty chapters was a practical way. A draft will therefore be released soon involving a fair way of financial support to each HKOA Chapters through which post-fellowship education can be enhanced.

You should share with my belief that the best way of self-learning is teaching. The HKOA Annual Congress is coming with the Main Theme "Defying the Aging Spine - Our Mission Continue". Why not taking this

platform to share with us your experience? I am sure we will learn a lot from you. The deadline of abstract submission is on 31 July 2013. Besides, it is also the deadline for COA abstract submission. Please take the time!

Being the Honorary Treasurer of the coming two years, I am happy and excited to serve you all. Please do not hesitate to send me your opinion on the financial management with the purpose of facilitating our members in Orthopaedic Learning as well as our cohesiveness. We are families!
