Message from Secretary

Issue May 2013

by Dr. Ng, Fu Yuen 吳富源醫生

Dear fellows members and associated members,

Being the Secretary of HKOA, it is my honour to serve you in the coming two years. One of my most important responsibilities is to update your membership. The renewal of membership allows us to continue to communicate with you better and send you the news and information.

I highly recommend you to visit and bookmark our website www.hkoa.org. Dr SB Woo, Anson makes great contribution to the face-lifted website. You may be able to identify various academic activities that we recommend. These include the annual scientific meeting of our Sister Associations. You may be interested to read the reports of those colleagues who have awarded the travelling scholarships and plan your next tour.

Being one of the supporting organisation, we also recommend you to participate the 8th international annual congress of Chinese Orthopaedic Association (COA 2013). <http://www.coachina.org/2013/> This year, with the collaboration with HKCOS, we continue to support your active participation. Please submit your scientific work before the deadline on 30th June 2013.

The Council listens to your voice. Early this year, a questionnaire about the social activities held by HKOA was sent for your opinions. Your replies have guided us to arrange the activities. As such, the first activity, 'Wine and Dine', under the help by Dr Tommy Ng, our Vice-President, has successfully held in mid-April. In

the future, we are going to arrange various activities for you. I am looking forward to your continuous support!
