Message from Council

Issue
September 2013

by Dr. TSANG, Wai Leuk 曾偉略醫生

Dear fellows members and associated members,

It has been three years of my membership in Hong Kong Orthopaedic Association Council. I wish you all a happy Mid-Autumn festival.

The legend: It is said that in ancient times, ten suns existed and the extreme heat made people's lives difficult. It was the hero Hou Yi who, owing to his great strength, shot down the nine of ten suns. Later, his beautiful wife Chang E drunk the elixir of life and flew to the moon...

To me, Mid-Autumn festival is a day of family re-unions, much like a western thanksgiving day. The coming 33rd HKOA Annual Congress is one of the best occasions for re-union of our Orthopaedic fraternity. Apart from sharing of our academic achievements, it is also an important social function with our sister associations. The deadline for early bird registration is 20 September 2013.

Our golf day on 18 September 2013 is another special occasion for re-union e.g. public-private interface. Last but not least, the Chinese Orthopaedic Association annual congress 2013 is an excellent opportunity for us to re-unite with Orthopaedic surgeons in China, Taiwan and Macau. The deadline for early bird registration is 30 September 2013.

It is always difficult to unite people. In my opinion, we can start from family, society and finally our country.

"When the moon is full, mankind is one"
