# 50 YEARS

*VP's Message*

**Issue**  
**January 2015**

**Dr. SW Kong**

Dear fellows and members,

The year of 2015 is a special one not only to Hong Kong Orthopaedic Association (HKOA) but also to me. As all of us know that 2015 is the Golden Jubilee of HKOA, we are going to organize a really fantastic annual congress to celebrate the 50th anniversary of our association. I assure that it will be part of our association's glorious history and people will remember such a great event even until the 100th anniversary.

To me, 2015 is also unique. It is my first time to serve in HKOA council and it is full of excitement to me. I will try my best to arrange various social activities for all our fellows and members.

My first organized activity will be the test drive day of Tesla Motor on one of the wonderful Saturday afternoons in March 2015. Electric car is the new trend. It is environmentally friendly. Furthermore, government tax reduction applies. The details of the test drive day will be announced shortly and I am confident that you will enjoy this event.

Besides good clinical skills and techniques, an orthopaedic surgeon also requires a healthy mind and body. Therefore, another planned activity is hiking. My former colleagues Dr CHOW Yuen Hon Francis and Dr SHA Wai Leung will assist in organization of family hiking events in Spring and Autumn. We will select a route which is suitable to all age groups. Not to mention the regular yet spectacular events we have, such as golf tournament, wine and dine gathering, and sports day.

Being a HKOA fellow/member, I hope every one of us will have a pleasant time in this big family, in both academic and all social events. Last but not least, I sincerely wish all of you a delightful and fruitful year of Goat.

Association News & Notice

Local Meetings & Conferences

International Meetings
