

50
YEARS

Council Member

November 2015

Dr. WL Tsang

Dear fellows, members and associate members,

Traditionally, November is always the most special month for our Hong Kong Orthopaedic Association (HKOA). This November is exceptional as this year is the 50th Anniversary of HKOA. Compared with our "50-year-old tree", I am only a "5-year-old green horn" as I joined our HKOA Council in 2011.

Throughout these five years, I took this golden opportunity to return to our roots and tried our best to

pursue our future.

For junior members, do not miss this precious moment to join the activities of our Annual Congress and to find their roots.

After our 35th HKOA Annual Congress, the upcoming 10th International Congress of Chinese Orthopaedic Association (19-22 November) in Chongqing is another important event in our Orthopaedic fraternity. One can feel the atmosphere of COA annual congress – Our dreams come true, all Chinese are one”

Last but not least, remember to attend our Annual General Meeting on 7th November. Our future is in your hands.
